12-13 Program

What is the Liberty High School "12 -13" Program?

- This program is a partnership between LHS and College of Southern Nevada to offer our students the opportunity to begin earning college credits while they are enrolled in high school.
- Students beginning this program while in high school will be allowed to return to our campus the year following graduation to pursue additional college courses towards their Associates Degree.

Who is eligible for this program?

- Liberty High School Junior & Senior students will be eligible for this program.
- This school year we will begin our program with our Senior students only.

When does this program begin?

- College classes begin here at LHS the week of January 24, 2011 after 2pm.

What is the cost of this program?

- The cost is \$63.00 per credit plus fees and books.

What courses are we offering?

- English 101
- Math 120
- Biology 101

English 101- Composition I (3 Credits)

- English 101 is designed to strengthen college-level writing skills, with particular attention to audience, purpose and rhetorical situation. Students receive extensive background in strategies of planning, drafting and revising. Research is introduced as a means by which students can extend their own understanding through the use of outside resources.
- Additionally, critical reading and thinking strategies are developed. Students who successfully complete ENG 101 with a grade of "C-" or higher will be eligible to enroll in ENG 102.
- Prerequisite: English Placement Test or ACT score of 21 or SAT score of 510 (Critical Reading).

MATH 120 Fundamentals of College Mathematics (3 credits)

- Topics include probability, statistics, geometry, and consumer mathematics. It may include problem solving, sets, logic, mathematical systems, numeration, and measurement.
- Course is broad in scope, emphasizing applications.
- Prerequisite: ACT Math score of 21 or SAT Math score 510.

BIOLOGY 101 Biology for Non-Majors (4 credits)

- An introduction to biology with emphasis on human concerns.
- Topics include aspects of organism structure, function, ecology, and evolution which provide a biological perspective for issues facing modern society. Intended to satisfy the lab science general education requirement.

In addition to earning college credit students who complete the course successfully will earn "dual credit"

- English 101 Comp I-H CSN
- Math 120 College Math-H CSN
- Biology 101 Gen Bio-H CSN

What days and times will each course be offered?

- English 101 Mon. & Tue. 2p-3:30p
- Biology 101 Mon & Wed 3:30p-4:50p
Lab: Thursday 2:00p – 5:00p
- Math 120

What is the process to apply?

- Complete and return all forms in the packet by January 4, 2011.

REVIEWING THE PACKET:

When will I be notified if I have been accepted into this program?

- January 11, 2011.

What happens next?

Orientation Meeting

Wednesday, January 19, 2011

6:30pm
