

NCIS Available for Nevada Students

CCSD students have FREE access to the Nevada Career Information System (NCIS), which is a career exploration and educational planning tool. Students and parents may log on to www.nvcis.intocareers.org in order to access this resource. Upon log-in, students may enter the username: ncis and the password: nevada in order to proceed (zip code/area code may also be entered for access). Students can learn about colleges, universities, apprenticeships, and financial aid opportunities. In addition, students may take a career assessment, which enables them to explore a wide variety of occupations by matching interests and skills. NCIS is provided to Nevada students by the Department of Employment, Training and Rehabilitation.
